

Bradley C of E (VC) Primary School

Whole School Food Policy

Why do we have a food policy?

- To ensure that all aspects of food and nutrition in school promote the health and wellbeing of pupils, staff and visitors to our school.
- To make it clear that this school actively supports healthy eating throughout the school day and recognises the important connection between a balanced diet and a student's ability to learn effectively.
- To ensure our school plays its part in the larger community by helping to promote family health and sustainable food and farming practices.

What do we want to achieve?

- To ensure that every pupil has access to safe, tasty, and nutritious food, and a safe, easily available water supply during the school day.
- To ensure the provision and consumption of food an enjoyable and safe experience.
- To ensure that the whole school community understands that a balanced diet is essential.
- To increase pupils' knowledge of food production, manufacturing, distribution and marketing practices, and their impact on health and the environment.
- To increase pupil, parent and staff knowledge and awareness of food issues, including what constitutes a healthy and environmentally sustainable diet, hygienic food preparation and storage methods.
- To ensure that food provision in our school reflects all the requirements of staff and pupils e.g. religious, ethnic, vegetarian, medical and allergenic needs.
- To introduce and promote practices within our school to reinforce these aims, and to remove or discourage practices that negate them.
- Links between food and the relevance Children's mental health, behaviour and learning <http://www.extension.org/pages/68774/3-ways-nutrition-influences-student-learning-potential-and-school-performance#.VfAJorvJAW4>
<http://www.kumon.co.uk/blog/water-intake-linked-to-pupil-performance/>
- Ofsted requirements for a Healthy lifestyle; from September 2015 Ofsted will inspect how "children and learners keep themselves healthy, including healthy eating" <http://www.schoolfoodplan.com/ofsted/>
- An increase in the take up of school meals is still ongoing and important in achieving our aims
- Schools should keep abreast of fads and cultural changes in the way children and young people use food e.g. 'energy drinks' and respond appropriately including through information sharing, interventions, assemblies, or curriculum adaption, pupil consultation, etc.

How our Food Policy is implemented

1. School Ethos
2. Curriculum
3. Breakfast Club/After School Club
4. Break time
5. Lunchtime
6. Staff and Visitors
7. School Visits and Events
8. Community Involvement
9. Enforcement

School Ethos

The importance of a balanced diet is consistently communicated throughout our school day including trips and events. Staff are also encouraged to participate and model healthy eating as a valuable part of daily life.

It will be made clear that the emphasis placed on a balanced diet is to enable safe and effective learning as well as providing a foundation for good health.

Curriculum

Make sure children get consistent messages about nutrition in lessons and at lunchtime.

PSHE, Geography, Science, Food Technology, RE and Languages may all contribute to the curriculum delivery of food education.

Curriculum delivery will involve practical food experience delivered by properly trained staff and will be adequately resourced.

Use cooking and growing as an exciting way to teach subjects across the curriculum. Grow food in our school and use in the School Lunch

It may be appropriate for a wide variety of foods to be prepared and consumed within the curriculum or at a celebration. It is recognised that eating together is a fundamental experience for all people; a primary way to nurture and celebrate our national values, cultural diversity; and an excellent bridge for building friendships, and inter-generational bonds. The context of a balanced diet makes this entirely appropriate provided everyone's dietary needs are met. Foods containing high levels of sugar and salt will be avoided.

All pupils and staff have water freely available at all times and are able to refill bottles easily. Certain classrooms/subjects may wish to manage the intake of water for safety. This is acceptable as long as the principle above is fundamentally upheld.

Break time

At break time our pupils are only allowed to consume fruit and vegetables or toast (KS2). Fizzy drinks, crisps and confectionary are not allowed - pupils are not allowed to bring-in their own snacks. Water or milk is encouraged at breaks. This is to ensure that pupils return to the classroom prepared and refreshed for learning. It will also help us to limit litter and control the environment to make it safe for any pupil with an allergy.

Food and drink sold to the pupils is consistent with this policy (e.g. toast for KS2)

Lunchtime

Lunches meet/exceed the national guidance. All pupils have a choice enabling them to eat healthily. No fizzy or sugared drinks are sold. Water is always freely available.

Pupils are encouraged to taste and eat new foods; achieved through 'Theme Days'/WOW weeks and taster sessions.

Staff, time and seating arrangements are sympathetic to a positive social eating environment for those buying lunches and those eating a packed meal. Pupils sit in 'family' groups, with pupils of all ages eating together at lunch.

Packed lunches are monitored and the curriculum encourages healthy sandwiches etc.

Any alterations to provision are communicated clearly after a full consultation process has taken place with staff and students.

Staff and Visitors

Staff will be encouraged to model our food policy and may eat with the pupils. Treat the dining hall as an integral part of the school where children and teachers eat lunch as part of the school day.

We treat our cooks and lunchtime supervisors as part of our team.

Visitors will be offered healthy refreshments.

School Visits and Events

Food served at events, where organised by school staff, and offered on trips will be consistent with school policy. Guidance on packed meals will be given, encouraging a healthy balanced choice.

Pupils are allowed, although not encouraged, to bring sweets to share on their birthday – these will be handed out by the child at the end of the day – to be consumed out of school.

In special circumstances, e.g. Revision clubs taking place after school, staff may wish to provide a snack such as a biscuit. This will be at the discretion of the headteacher, and permission must be sought prior to such snacks being offered.

Community Involvement

At all stages the wider community will be involved in developing and implementing this policy. This will ensure that work is sustainable and that best practice is communicated. For example, practical healthy lunchbox advice at a parent event.

Enforcement

Following comprehensive and meaningful consultation with all sections of the school community the policy will encompass all school activities. Where members of the school community find that they are unable to work within the policy then school will negotiate on an individual basis.

The more careful and genuine consultation that has taken place will make enforcement easier. For example the school council may issue a healthy snack policy to parents and ask for their comments. Don't forget it's a balanced diet!

Current guidance

The following are current guidelines

- School Food Standards 2015 <http://www.childrensfoodtrust.org.uk/childrens-food-trust/schools/school-food-standards/standards-for-your-school-food/about-the-school-food-standards/>

Equal Opportunities

Provision is made for special diets for medical conditions following appropriate medical verification, ethical and cultural requirements, and for appropriate preparation, presentation and access.

Free lunch provision will be handled sensitively and confidentially.

Personnel

The Headteacher and Governing Body are responsible for all food in school.

Monitoring and Evaluation

The Headteacher will monitor the effectiveness of this policy ensuring that training and resourcing are appropriate and up to date.

Pupils will have regular opportunities to discuss healthy eating within our school.

Policy Development and Review

This policy document was produced in consultation with the entire school community, including pupils, parents, and school staff including the catering staff and governors.

This document is freely available to the entire school community. It has also been made available in the school web-site.

This policy will be reviewed on a 3 year basis.
